

Vocational Training Schools

Balai Besar Latihan Kerja (BLK)

A government sponsored nationwide program that provides vocational training for skilled jobs such as: welding, automotive repair, machinist, construction trades, air conditioning, electronics, electrician, tourism, sewing, etc.. The training lasts from 2 to 6 months. Some vocations are in big demand with many job vacancies. Many of the basic training courses are free of charge while other courses may vary from 300,000 to 2,000,000 Rp. for tuition. They offer certificates upon graduation and help with job placement.

Prima Cell

This is a cell phone repair school located in Solo and Bandung. It is a 6 week course and the tuition is 2,500,000 to 3,000,000 Rp tuition for the course. There is a demand for this skill.
